SUPERVISOR UHLER HAS NEW WEB SITE WITH 4TH DISTRICT INFORMATION

Placer County Supervisor Kirk Uhler has a new Internet Web site up and running that will help the public stay up to date on 4th District news.

"The Web site is a great tool for keeping residents informed about events in my district," he said. "Visiting the Web site is a quick, easy way for residents to get the latest district news, or to contact me via e-mail with their opinions about county issues."

Supervisor Uhler's home page is at www.placer.ca.gov/Home/bos/District4.aspx.

The public also can reach the Supervisor's Web site by going first to the county's home page at www.placer.ca.gov, clicking on the "Board of Supervisors" icon near the top of the page and then clicking on the Supervisor's name near the center of the board page.

The Web site features background on Supervisor Uhler, a news and updates section and information on how to contact the Supervisor and his field representative, Brian Jagger.

Information about the Granite Bay Municipal Advisory Council is available on the Web site, and council agendas and minutes will be posted there.

The Web site also has a map of the 4th district, which includes Granite Bay and part of Roseville.

Supervisor Uhler is serving his second term as the 4th District's representative on the Board of Supervisors.

He was the district's elected representative from 1993-96. He rejoined the board last Dec. 19 to serve the remaining two years on the four-year term of former Supervisor Ted Gaines, who left the board after winning the 4th District seat in the State Assembly Nov. 7.

After Gaines left, the remaining four Supervisors selected Uhler from a field of five applicants interested in filling the vacant seat. He was sworn into office immediately after the vote.
